

KEY MESSAGES•

THE PIO WAY

Pio is a warehouse automation company that provides state of the art robotics technology to help small and medium sized businesses thrive.

Powered by over 20 years of AutoStore innovation, its plug-and-play P100 product is the ultimate compact warehouse machine.

With cube-based storage and robotics working hand in hand with manual operations, Pio gives space-saving superpowers that make warehouse operations faster and simpler than humanly possible.

By democratising automation, Pio ensures that the potential of great ideas isn't limited by logistics.
